

Annual dues payment of \$40 annual dues is for access to the beach at the end of Persons Road (1/2 mile walk from the property - no vehicle parking allowed).

If you choose to rent a pier SPACE, there is an extra \$50 fee annually and the fee does NOT include a pier. This fee allows you to get a space on the land that is designated for a pier and there are rules associated with that space. All pier spaces are near the beach area and there is NO PARKING in that area as well.

Dues must be paid to be able to put your boat into the water at the campground, which is also an additional \$20 in and \$20 out payable to the campground. The campground also has very specific rules about launching and taking your boat out that must be adhered to.
