LOT 2723 - Early 20th-Century Hand-Crank Butter Churn with Patent Date 10"x10"x31"

Description

Manual butter churn featuring a cast iron hand-crank mechanism with gears and a large rotating wheel. Marked with a patent date of Dec 19, 1911. The base includes a rectangular metal container with a green painted exterior finish and a spout at the bottom. Interior visible wear from use and age. Handle with wooden grip. The piece rests on four metal feet for stability.

Quantity: 1
